

# UPS HAZMAT SHIPPING INFORMATION

Certain consumer products must be deemed hazardous material (HAZMAT) when being transported by air.

If your order contains any of these products, your UPS shipping choices will default to UPS Ground *ONLY*.

Exception: You may still choose to have these products shipped as an air shipment but your order will be subject to additional UPS HAZMAT charges (approximately \$30.00 per box). These orders cannot be processed via our online store. Please contact a Superior Stone Products representative by phone or email for these special shipping options.

For shipments to Alaska and Hawaii you actually receive UPS Ground rates but they are transported by air and therefore must comply with the HAZMAT regulations listed above.

All shipments outside of the United States must follow these same HAZMAT regulations. Please do not hesitate to contact us for special shipping instructions.

We apologize for any inconvenience this may cause. As a company, we need to comply with the rules set forth by UPS.

Thank you,  
Superior Stone Products
